The past year or more has witnessed one of the worst declines in Economic Growth & Production since the Great Depression. Times are tough and Companies have had to make tough decisions on employee reductions and cutting cost wherever they can. This has put a lot of responsibility on fewer people and in some cases less experienced people. The NASF/AESF Palmetto Branch is proud to work with a very select and knowledgeable group of Suppliers of the Plating and Finishing Industry to Educate Attendee's on "How to Troubleshoot Various Operations and Equipment." This workshop is designed to answer your questions and to keep your company running during such breakdown situations, until a supplier of choice can get there.

### **GOLF (CASH PRIZE SPONSORED BY ATC))**

There will be a golf outing Saturday October 10<sup>th</sup> at Indigo Creek Country Club, a Willard Byrd design that has lots of water and Wildlife. This will be a play your own ball outing, so choose your own foursome. All will put in \$10.00 for a Calcutta that will be the prize of the day with the team drawing at the end of the round. You will not know who your partner is, so root for everyone! (T-Times 8:35 – 9:15 AM)
