

## Join Us in Finishing the Future!

For 94 years, SUR/FIN has brought together the best and the brightest in the surface finishing industry for three days of discovery, sourcing, networking, education and professional development. Produced by the National Association for Surface Finishing, SUR/FIN draws an exceptional level of highly experienced, quality attendees and respected professionals from all 50 states and eight countries – all seeking or showcasing the newest innovations and up-to-the-minute information on finishing and management challenges, government regulations, advanced technologies and best practice processes.

Fueled by its commitment to advancing a sustainable future, no other industry association has continually delivered such a high caliber, focused event. Year after year, this program has been the catalyst of discovery and activity for the latest in innovative technologies, products, services, and other growth opportunities than any other industry event in the world.

## One Conference Fee Includes All

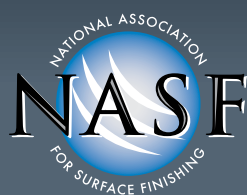

SUR/FIN Conference registration gives you unlimited access to hundreds of suppliers and gives you first hand access to industry experts prepared to answer your most pressing questions to help improve your products, processes, and business.

## Three Full Days of Results for Your Company

- Streamline operations and improve visibility
- Cut Costs – speed time to market
- Obtain late breaking news on government and regulatory issues

## Powerful Networks

- Meet face-to-face with industry and regulatory leaders from around the world
- Learn the latest public policy and advocacy affecting the industry
- Take part in international collaboration
