Ensure Your Voice is Heard

Join us in 2012 as we meet with our federal lawmakers and show them how the nation's fiscal future and economic security depend on an improved climate for manufacturing.

Three Days of Valuable Opportunities:

- Network with leaders in the surface finishing industry
- Receive important information about technology and regulation from industry experts
- Meet with Senators and Representatives from your district

Topics Will Include:

- Revitalizing a viable U.S. manufacturing base
- Current and future challenges to America's competitiveness
- The impacts of regulatory burdens on manufacturers
- Affordable health insurance
- U.S. energy policy
